ABOUT ME

Hi, I am a Full-Stack Web Developer with extensive experience in WordPress, PHP, HTML, Python, web applications, and eCommerce solutions. Holding a B.E. in Computer Science and Engineering, I started as a freelance developer, building my own brand, leading a dedicated team, and delivering 350+ websites. I provide ongoing support, maintenance, and guidance, collaborate with leading companies and agencies, manage full project lifecycles, mentor interns, and consistently deliver scalable, high-quality, and user-friendly digital solutions.
